For some couples finding out why they are failing to conceive can prove an expensive and confusing experience. For this reason, we believe that our fixed price screening service offers a solution – an appointment with a Consultant Gynaecologist who specialises in Fertility, a comprehensive range of investigations and a written Report of findings and recommendations - within a guaranteed price.

The Fertility Assessment Screen includes:-

- ❖ Initial Consultation with a Consultant Gynaecologist
- ❖ Bloods Tests (Day 3 FSH, Chlamydia, Rubella and Day 21 Progesterone)
To assess ovulation
- ❖ Hysterosalpingo-contrast Sonography (HyCoSy)
To assess the fallopian tubes
- ❖ Semen Analysis
- ❖ Medical Report

Total Price £600

You do not need to be referred by your GP and this confidential service is available by appointment immediately.

If you think you may be interested in this, or any of our services, please feel free to telephone the Clinic to speak with a member of our Team or arrange a visit to the unit.
